Shaping the Future of Mental Health

Towards Building Collaborations to Accelerate Innovation

Tel Aviv. November 4, 2026

Carlton Hotel, Tel Aviv

PRELIMINARY PROGRAM

SETTING THE STAGE

08:00 – 08:30	**Welcome Coffee**
08:30 – 08 :45	**Opening Remarks** **FRANCE** **H.E. Christophe Parisot** — French Ambassador to Israel **ISRAEL** **Dr. Mira Maram-Edry** — Deputy CEO and Head of Hospital Division, Clalit Health Services **Patricia Zimmermann** —Central District Manager at Clalit Health Services **Hadar Levy** — CEO Brainsway
08:45 – 09:15	**Keynotes — France / Israel** **FRANCE** **Prof. Marion Leboyer** — Professor of Psychiatry, Université Paris-Est Créteil; CEO Fondation FondaMental; PEPR Propsy ; Director, Translational NeuroPsychiatry laboratory, Inserm U955 *"Goal of the Symposium & Presentation of the French Program in Precision Psychiatry PEPR PROPSY"* **ISRAEL** **Dr. Jordan Lewinski** — Head of Mental Health Services, Clalit Health Services
09:15 – 10:15	**Immuno-Psychiatry: Towards New Treatment Targets** **Moderator: Prof. Marion Leboyer**, Université Paris-Est Créteil; CEO Fondation FondaMental; PEPR Propsy **ISRAEL** **Prof. Michal Schwartz** — Professor of Neuroimmunology, Department of Brain Sciences, Weizmann Institute of Science *"Towards new targets in Immuno-Psychiatry"* **FRANCE** **Prof. Laurent Groc** — CNRS, Bordeaux *"Autoimmunity in neuropsychiatry: from molecule to patients"* **Prof. David Klatzmann** — Inserm & IL TOO, Paris *"Autism as a reversible neuroimmune condition: from experimental mouse models to clinical case reports"*
10:15 – 10 :45	**Coffee Break**

10:45 – 12 :15	**New Digital Tools & AI Towards Precision Psychiatry** **Moderator: Dr. Eyal Brook** – Head of AI Practice, S. Horowitz. **ISRAEL** **Prof. Noam Shomron** — Professor at Gray Faculty of Medical and Health Sciences, Tel Aviv University *"Ai in Genomics"* **Dr. Orit Goldman** — VP Biology, NeurokAIre *"New tools for patient stratification and drug discovery"* **Prof. Mark Weiser** — Co-Founder & Scientific Advisor, MentAlly **FRANCE** **Léah Camarcat & Andrii Kulakovskyi** — Fondation FondaMental *"AI and mental health"* **Daniel Szeftel** — Co-Founder, Sêmeia *"Telemonitoring in mental health disorders"* **Dinah Weissmann** — CSO, Alcediag *"RNA editing biomarker blood test for the diagnosis of bipolar disorder"*
12:15 – 13:30	**Lunch**
13:30– 15:00	**New Therapeutics Towards Precision Psychiatry** **Moderator: Dr. Anna Elgart,** Senior Director, Head of Neuroscience, Global Clinical Development at Teva Pharmaceuticals **ISRAEL** **Prof. Amir Krivoy** — Geha Mental Health Center, Clalit Health Services · Chair, Israel Society for Biological Psychiatry (ISBP) *"Metabolic Psychiatry – new targets for diagnosis and treatment"* **Prof. Illana Gozes** — Professor Emerita of Clinical Biochemistry, Director, Elton Lab. for Molecular Neuroendocrinology, Department of Human Genetics and Computational Medicine, Gray Faculty of Medical and Health Sciences, The Adams Super Center for Brain Studies and Sagol School of Neuroscience, Tel Aviv *University* *"Novel approaches to autism, from de novo mutated genes to future innovative therapeutics"* **Arik Zur** — Senior Director Program Leadership, Syremis Therapeutics *"New targets in psychiatry"* **Dr. Eran Harary** — CMO, Remepy **FRANCE/ISRAEL COLLABORATIONS** **Prof. Marion Leboyer,** Professor of Psychiatry, Université Paris-Est Créteil; CEO Fondation FondaMental; PEPR Propsy; Director, Translational NeuroPsychiatry laboratory, Inserm U955

15:00 – 16:00	**Neuromodulation Towards Precision Psychiatry** **Moderator: Mark Weiser,** Sheba Medical Center **ISRAEL** **Prof. Yair Bar-Haim** — Tel Aviv University · Director, National Center for Traumatic Stress and Resilience *"Targeted Neuromodulation of the Hippocampal Network to reduce intrusive memories in PTSD"* **Prof. Abraham Zangen,** Board Director- Brainsway. Head of the Brain Stimulation and Behavior Lab and the Chair of the PsychoBiology Brain Program at Ben Gurion University of the Negev. **FRANCE** **Prof. Mircea Polosan** — Grenoble Alpes University, Head of the Adult Psychiatry Department – CHU Grenoble Alpes / INSERM – Brain, Behavior and Neuromodulation *"DBS in OCD: from brain networks to personalized therapy"* **Jeremy Bercoff** — CEO, Sonomind *"Ultrasound in mental disorders"*
16 :00 – 17 :00	**PTSD Clinical Excellence: French–Israeli Perspectives on Hospital Psychiatry and the Care Pathway** **Moderator: Gila Tolub,** CEO ICAR Collective **ISRAEL** **Dr. Keren Avirame** — Director of Research, Development and Innovation at the Psychiatry Division of Tel Aviv Sourasky Medical Center *"War, Trauma, and AI: Accelerating Clinical Innovation in Psychiatry"* **Prof. Asher Ben-Arieh / Prof. Marion Leboyer** *"Peace of Mind platform"* **FRANCE** **Prof. Denis Peschanski** — Senior research associate CNRS (directeur de recherche), European Center for Sociology and Political Sciences (Paris, Sorbonne, EHESS and CNRS) **Dr. Amaury Mengin –** Strasbourg University Hospital, Grand Est Regional Psychotrauma Center *"Novelties and challenges in PTSD treatment"*
17:00 – 18 :00	**B2B — Building Collaborative Projects per Domain** *Immunology · Digital tools & AI · New treatment targets · Neuromodulation* *· 17:00–17:30 Group meetings* *· 17:30 –18:00 Restitution of projects per domain*
18:00	**Conclusion of the Meeting**
